2008 Halloween Templates

- To create a spooky tabletop display, cut out tombstones and fold on dotted line.

DIRECTIONS:

Print these templates on your printer to use as Halloween party decorations or on trick-or-treat bags, or create your own spooky cards and invitations.

Try printing on colored paper, or print template on white paper and place on top of colored construction paper to use as a cutting guide.

To decorate, use a metallic marker or pen to trace words and swirls onto tombstones or as eyes on bats and cats.

Happy Halloween from Land O'Lakes.
